Re: 714X product

Dear Mr. Naessens,

Let me present myself. I'm **doctor Roger Rogers** (license # 03207). I visited your premises in Quebec a few years back. I am one of the five physicians practicing at the **Center for Integrated Healing**, located at **200-1330 W., 8th Avenue, in Vancouver, B-C.**

In my practise, I have been using 714X since December 1990 and according your company's I have had 372 patients under this treatment, for which 3,986 authorisations have been granted throughout the years.

I may add that from my experience with the product, I have never observed any negative side effects on patients using 714X.

Furthermore, in many cases, I have observed improvement in their quality of life and extended life-span.

Even though 714X is not a magic bullet it certainly deserves to be tried on patients for which conventional medicine can no longer bring any health improvements.

Please let me know if I can be of further assistance to help Canadian patients gain access to 714X, through the Special Access Programme.

Accept my best regards,

Dr. Roger Rogers
